

Use of School Facilities

General Guidelines

1. The use of school facilities will be under the general supervision of the Superintendent.
2. All event requests for building/facility use may be submitted through the on-line scheduling software and approved by the principal or designee. The building principal will coordinate the scheduling of the spaces within buildings. After approval by the building principal, a copy of the agreement for use of school facilities will be returned to the applicant and will serve as the applicant's permission for the building custodian or security officer at the time of use. The custodian or security officer may deny use if a properly approved agreement is not presented.
3. Any organization using school property shall, in writing, indemnify and hold harmless the School Board, the individual members thereof and any officials or employees, of and from any loss, damage, liability, or expense that may arise during, or be caused in any way, by such use or occupancy of school property except for the negligence or fault of the district. In the event property loss is incurred, the outside organization shall be billed for the damages. Such agreement shall be signed by an officer of the organization.
4. Proof of liability insurance will be required by user groups that are hosting events for profit or fundraising. Bismarck Parks and Recreation Department, BPS Booster groups, youth practices, and Scouts are exempt from this section.
5. The Assistant Superintendent shall review special requests as needed and notify the principal of the decision to allow or deny use.
6. Renters will follow building procedures for accessing the location. Renters are responsible for securing and protecting an access card if one is issued. Replacement cost for lost cards is \$20 per access card. For the safety of district students, staff, and materials, renters must report loss of access cards immediately. Renters must check that exit doors have securely locked behind them when they leave the building.
7. The use of a school facility is contingent upon the organization taking proper steps to protect school property, to ensure safety, and to reimburse the School District for costs related to use. The principal shall investigate reports of misuse of buildings, and if reports are substantiated, report misuse to the Assistant Superintendent who will review the complaint to determine whether the organization should be prohibited from any further use of the schools.
8. Organizations requesting the use of school facilities may be required to submit additional information on the purpose and objectives of the organization and on the intended use

of facilities. The organization shall also submit the names, addresses, and phone numbers of their officers or leadership personnel.

9. Use of school facilities by community or other authorized groups shall not constitute an endorsement by the Bismarck Public School District of any organization or group.

Categories of Groups Authorized to Use School Facilities

The Superintendent shall develop, in accordance with policy ABBB, a fee schedule of school facilities. The fee schedule shall be evaluated on a biennial basis.
