11.30.18

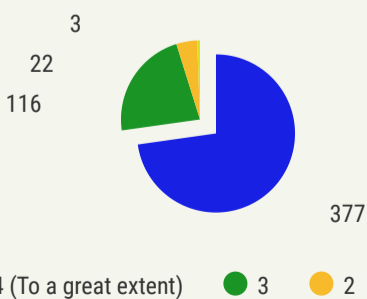

- 1 AVID Modules & Trainers**– We have recently added 15 new "district facilitators" from central office & across secondary buildings who are certified to share AVID strategies and train over 100 PD modules!
- 2 Additional MANDT De-escalation Support**–Willmoore instructional coach, Elicia Hoffman will serve as the 5th and latest added district trainer for MANDT, the district's approach to preventing & de-escalating behaviors through emphasizing healthy relationships.
- 3 Intervention Clean-up**– Elementary special education, reading specialists, instructional coaches, & staff development are streamlining multiple duplicative intervention lists in the district. Interventions have been organized & verified as evidence based. Continued work around access, execution, and training around these interventions will serve as next steps in addition to secondary & mathematics replicated efforts.
- 4 Striving Readers Literacy Grant**– Activities have begun across the district. Wachter Middle School hosted 2 family/community nights around EL & Native Americans; 8 elementaries will begin PD & coaching around writing with Kelly Boswell; librarians & others will engage in diversity training; & K-8 specialists & reading strategists received Leveled Literacy Intervention (LLI) training & follow up coaching this month.
