2021 Youth Risk Behavior Survey (YRBS) & 2021 Youth Tobacco Survey (YRBS)

Our high school is taking part in the 2021 North Dakota Youth Risk Behavior Survey (YRBS) and the 2021 North Dakota Youth Tobacco Survey (YTS) sponsored by the North Dakota Department of Public Instruction and Department of Health. The YRBS survey will ask about nutrition, physical activity, injuries, tobacco, alcohol, other drug use, sexual behavior and asthma. The content of the YTS survey includes tobacco questions related to: prevalence (cigarettes, smokeless tobacco, cigars, and pipes); knowledge and attitudes; cessation; environmental tobacco smoke; media and advertising; minors' access; and school curriculum.

Students in grades 9-12 will be asked to fill out a questionnaire that takes about 45 minutes to complete. Doing this survey will cause no risk to students. The survey has been designed to protect student privacy. No student or class will ever be mentioned by name in a report of the results. The results of the survey will help establish trends over time that can be utilized in school planning and curriculum development.

We would like all selected students to take part in the survey, but the survey is voluntary. No action will be taken against the school, you, or your child, if your child does not take part. Students can skip any question they do not wish to answer. In addition, students may stop participating in the survey at any point without penalty.

If you prefer to not have your child take part in the survey, please print the included opt-out form, sign, and return to the LHS counseling office by Friday, March 19, 2021.
