The following provides further clarification on what is allowed within spring activity participation limitations for North Dakota High School Activities Association member schools following the Emergency Executive Order 2020-06 issued by Governor Burgum.

Effective until at least April 6, 2020 the following direction is provided for NDHSAA member schools:

Coaches and Directors May Not:
• Have in-person contact with participants.
• Require or suggest groups of participants to gather.
• Suggest or support “captain’s practices”or “open gyms.”
• Provide evaluations or feedback on participants’ performance.(i.e. require participants to submit video of a skill or performance)
• Require participants to take part in individual workouts or skills training, etc. (i.e. journaling, reporting of time spent, submission of results)
• Place undue influence on participants to take part in any individual workouts or skills training.

Coaches and Directors May:
• Connect with participants via technology (i.e. email or other school-approved communication tools).
• Provide optional individual workouts or optional individual skills training via electronic communication.
• Connect with and support participants who are challenged by the changes in their routines and life due to changes caused by COVID-19 limitations and restrictions.

Coaches and Directors Must:
• Include the Activities Administrator on all communication to participants.

__________________

School administration at their discretion, may place more restrictive limitations on practice and participation.

As COVID-19 is rapidly evolving, the NDHSAA will continue to monitor the situation and make adjustments as necessary.

Spring sports are officially in season. Therefore, all NDHSAA regulations and By-Laws and local school policies surrounding participation are in effect.
