

Substitute Teachers

Teachers appointed to serve temporarily in the absence of members of the regular staff are classified as day-to-day substitutes. They shall be paid at a rate approved by the School Board, said rate to be included in the current teacher manual. In the event that a substitute teacher teaches for more than ten continuous days for the same teacher, the substitute shall be paid in accord with the base rate of the current teacher contract beginning with the eleventh day.

An exception to the requirement for continuous days can be made at the discretion of the Superintendent or designee on a case by case basis in the case of an emergency or an illness.
