This fall, Sanford Health Children’s Clinic will be holding a seasonal influenza vaccination clinic at your child’s school for students 6th through 12th grade. Sanford is committed to making vaccinations more convenient to receive and increasing the number of children vaccinated against influenza in our community. Flu vaccination is the single best way to help prevent your child from getting and spreading the flu. All individuals 6 months and older are recommended to receive an annual flu vaccine. If you would like your child to receive seasonal influenza injectable vaccine in school this fall, please read the attached Vaccine Information Sheet and follow the steps below.

**STEP 1. Consent Form (attached)**  
Complete the “Influenza Vaccination Record” down through the Signature line.  
Complete information on your child receiving the flu vaccine and then parent signs and dates form.  
Return form to the school at least 2 days prior to your school’s scheduled clinic (see schedule below).  
Your child will NOT be vaccinated if we do not receive a completed and signed Influenza Vaccination Record.

**STEP 2. Insurance Information (attached)**  
Complete all the information regarding insurance coverage or Medicaid.  
Please contact the number on the back of your insurance card to determine if your insurance policy covers the cost of the seasonal flu vaccine.  
No payments will be accepted on the day of the clinic and we will bill to your provided insurance. Approximate cost for the vaccine is $67.
